# URBAN FUTURE

Cleaning up the future,  
one filtration system at a time.

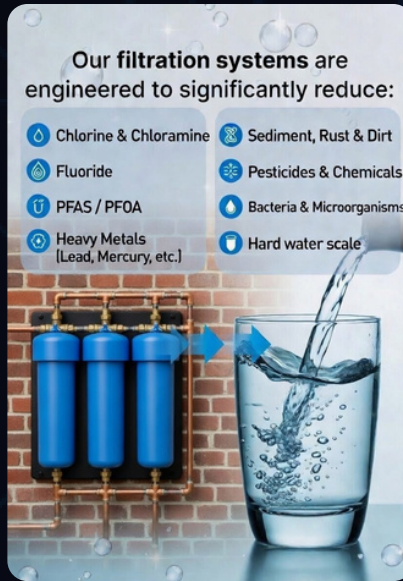

# WHAT WE REMOVE & REDUCE

Our filtration systems are engineered to significantly reduce:

- Chlorine & Chloramine
- Fluoride
- PFAS / PFOA
- Heavy Metals (Lead, Mercury, etc.)
- Sediment, Rust & Dirt
- Pesticides & Chemicals
- Bacteria & Microorganisms
- Hard water scale

Result: Cleaner, safer water for drinking, bathing, and everyday use.

## SERVICE

### Protect Your Home—Naturally

Hard water can damage appliances, plumbing, and surfaces. Our systems help reduce scale buildup without harsh chemicals.

- Extend lifespan of appliances
  - Reduce buildup on taps & glass
  - Improve efficiency of hot water systems
  - No salt or chemical-based softeners
- Hard water can damage appliances, plumbing, and surfaces. Our systems help reduce scale buildup without harsh chemicals.
- Extend lifespan of appliances
  - Reduce buildup on taps & glass
  - Improve efficiency of hot water systems

# Whole Home Water Filtration

The Solution is Simple. The Benefits are Endless.

Experience cleaner, healthier water throughout your entire home with Urban Future's advanced water filtration systems—designed for performance, sustainability, and modern living.

## YOUR COMPLETE WATER SOLUTION

World-Class Filtration Technology

Our systems use advanced multi-stage filtration to deliver superior water quality at every tap. Designed to target a wide range of contaminants, our technology ensures your water is cleaner, safer, and better tasting.

- Whole-home filtration
- High-performance filter media
- Designed for Australian conditions
- Sustainable and environmentally conscious

- Extend lifespan of appliances
  - Reduce buildup on taps & glass
  - Improve efficiency of hot water systems
  - No salt or chemical-based softeners
- Hard water can damage appliances, plumbing, and surfaces. Our systems help reduce scale buildup without harsh chemicals.

## HEALTH BENEFITS

Enjoy the difference clean water makes:

- Healthier skin & hair
- Reduced exposure to harmful chemicals
- Better tasting drinking water
- Relief for sensitive skin conditions
- Cleaner showers & bathing
- Peace of mind for your family

## HOME & LIFESTYLE BENEFITS

Protect your investment and improve daily living:

- Longer-lasting appliances
- Cleaner bathrooms & kitchens
- Reduced maintenance costs
- Improved water quality throughout the home

## DESIGNED FOR MODERN HOMES

Our systems are built with both performance and aesthetics in mind.

- Durable, high-quality materials
- Sleek, modern finishes
- Designed to integrate seamlessly into your home
- Built for Australian environments

## WHY CHOOSE URBAN FUTURE

We're not just suppliers—we're experts.

Unlike typical sales-driven companies, our team understands plumbing systems, water quality, and real-world installation.

- Expert advice tailored to your home
- Professional installation
- Ongoing support & servicing
- Proven, reliable systems

## A SMART INVESTMENT IN YOUR HOME

Clean water isn't a luxury—it's essential.

With Urban Future, you're investing in:

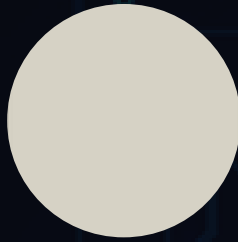

- Your family's health
- Your home's longevity
- A more sustainable future

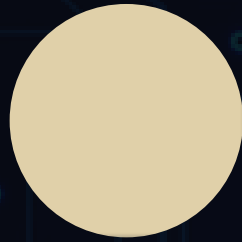

## Colour Options

Dover White

Surfmist

Classic Cream

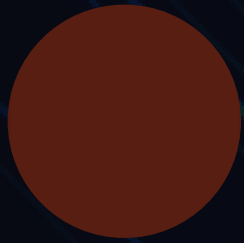

Pale Eucalypt

Cottage Green

Jasper

Manor Red

Ironstone

Monument

Windspray

Choose your preferred colour for your filtration system. Each unit is custom-made to suit your style.

## Affordable Filter Replacements

### Filter Replacement & Maintenance Options

We've made it easy to keep your water filtration system running at its best. Our optional annual filter replacement service takes the guesswork out of system upkeep, ensuring your water stays clean, fresh, and healthy all year round.

Two convenient options:

**\$360** – Replacement filters delivered straight to your door

**\$460** – Replacement filters supplied and installed by a qualified service technician.

Please note: Costs may vary depending on your location or if specialty filters are required. We'll always confirm before proceeding.

## Warranty

### What is Covered

We stand behind our product, where industry standard offers 1-2 years warranty.

On the UF-3X Urban Future offers a full 5 year comprehensive warranty which includes general wear and tear, replacement and workmanship on filter housing, manifold and sleeves.
